

ALLIANCEBERNSTEIN

## AB Private Credit Investors Announces Strategic Rebrand of Fund & Manager Finance Platform

January 28, 2026

AllianceBernstein (“AB”) announced that its NAV Lending team within AB Private Credit Investors (“AB-PCI”) will rebrand as **AB-PCI Fund & Manager Finance (“FMF”)**. The rebrand strategically emphasizes the team’s ability to deliver non-dilutive capital to both funds (Fund Finance) and private capital investment managers (Manager Finance).

“Fund & Manager Finance seeks to capture our platform’s ability to provide loans to the management companies of high-quality private equity sponsors, in addition to providing NAV loans to their funds,” said Dupe Adeyemo, Head of Private Equity Fund & Manager Finance at AB-PCI. “As private markets mature, GPs are increasingly seeking flexible, tailored financing solutions across their funds and management companies. Providing both fund and manager level solutions creates meaningful synergies leading to more efficient diligence and decision-making for our sponsor relationships and investors.”

Under the stewardship of a leadership team that uniquely possesses more than 24 years combined experience serving private equity clients with Fund and Manager Finance solutions, FMF continues to grow as a natural extension of AB-PCI’s market-leading, private corporate credit platform. The FMF team leverages the core capabilities, resources and infrastructure of AB-PCI.

This strategic rebrand reflects the growth of AB-PCI’s commitment to the private equity ecosystem and its focus on delivering flexible, partnership-oriented capital solutions across the private markets.

### **About AB Private Credit Investors**

Established in 2014, AB Private Credit Investors is part of AllianceBernstein’s Private Alternatives business and is AB’s private corporate credit platform. AB-PCI has committed \$34 billion across more than 320 portfolio companies, primarily in directly originated and privately negotiated senior secured loans to financial sponsor-backed borrowers in the US middle market. AB-PCI’s team manages more than \$23 billion of capital available for investment. [Visit here](#) for more information on AB-PCI.
